Citation from Publish or Perish

The screenshot displays the Harzing's Publish or Perish software interface. The main window shows the 'Author impact analysis' results for the author 'Amsaveni, N'. The data source is set to 'Google Scholar'. The results summary shows 64 papers, 67 citations, and a total of 12 years. The h-index is 7, and the g-index is 7. The citation analysis shows 67 citations and 12 years. The results table lists 22 papers with their respective h-index, per year, rank, authors, title, year, publication, and type.
